Resource & Operations Council 2019-2020 Goals

1. Improve the process for supplies, equipment, and other program review requests. Revisit the rubrics for ranking the requests.

2. How to integrate grants into the planning process that includes technology, human resources, and facilities.

3. Review the rubrics and annual resource request rankings from the College Technology Committee, Staffing Prioritization Committee, and the Facilities & Sustainability Planning Committee and report to Cuyamaca College Council.

4. Establish a process that will allow for two-way communication to other committees to report to the ROC and establish a new timeline for reporting.
